

St. JOSEPH MERCY Donor Recognition

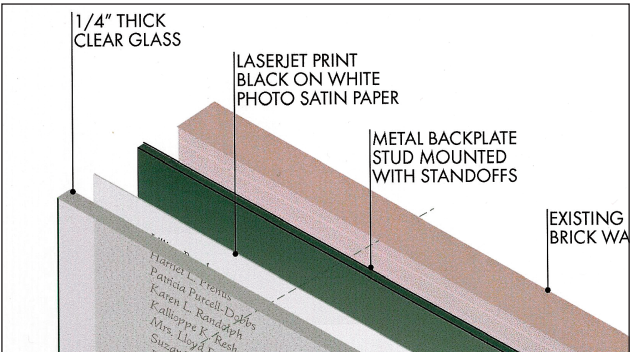

Bolt attachment detail

St. Joseph Mercy Hospital of Ann Arbor was looking for a way to recognize their employees as they celebrate milestones of employment with the hospital. They had a tight budget and wanted the most impact for their dollar. St. Joseph had a large number of employees who had been with the hospital for 25, 30, 35, 40, 45 and even 50 years.

The challenge was to design a system that could be updated every year as employees reach new milestones in their service to the hospital. A sandwich design was created to allow the names to be changed and updated numerous times. The attractive bolts that hold the display to the wall unscrew and the new updated colored printed sheets can be inserted and changed.
